

How can you find us?

From Keszthely to Hévíz. As you leave the petrol station take the second turn on right. In Hévíz go straight the Széchenyi Str. along and by the traffic circle take the first street on your right (Móricz Zsigmond Str.), than the first crossroad on the left. After that you should take the second to right.

The “wonderful” healing effect of the thermal lake of Hévíz was already recognized by the Romans. The size of the lake is 10,864 acres and with it, this is the world’s largest natural thermal lake.

The healing water breaks out from the source, which is 114 ft deep on the bottom of the lake, the average water-temperature in the summer is about 80-90 °F, and even in the winter doesn’t drop below 75 °F.

Because above mentioned you can enjoy a year around health building bathing in the open air and/or in enclosed facility. Thanks to the affluent source of natural thermal water supplies gives us the guaranty that the water of the entire lake will be refreshed in a couple of days.

If you feel like to make a tour the Balaton is only approx. 6 km (4 mi) from Hévíz.

Contacts:

We are more than delightful give you all information in regard to accomodation and take your reservation.

Márta Arányi-Németh és Gábor Arányi

One of our houses is situated in the city centre, the other two houses can be found in a calm, peaceful environment. They are 50 metres away from each other and 1,000 metres from the thermal spa of Hévíz. The apartments are suitable for 2-6 people. We are member of the Association of Accommodation Providers in Hévíz thereupon our guests have allowance from many services (spa ticket, treatment, restaurant, travel agency, hairdresser, cab, etc.).
